K-VAN PROMOTIONS PTY LTD

Manufacturers of Amaze Cleaning products.

Amaze Products Easy To Use Instructions

Amaze Safe 'N' Clean

- A.** Apply with a damp cloth, rub well in, then rinse clean
- B.** Use with nylon scouring pad to remove burns and grease from ovens/cooking utensils
- C.** Dilute in warm water for cleaning woodwork or paintwork.
- D.** Test on small area before cleaning brass, copper and silver as Safe 'N' Clean is slightly abrasive
- E.** Always follow manufacturer's advice on use of abrasives before cleaning.
- F.** Best cleaning tools are wet tea towel to polish metals then shine with a dry tea towel and all bathroom surfaces. Cooking surfaces apply and leave on stain one minute then Scotchbrite scour away
- G.** Add a drop of water to container to make paste softer and easier to use.
- H.** Excellent as car paintwork cutting polish, use with wet cloth.

Amaze Filter Clean

This is to be pre-dissolved first in very hot water – Approximately 1 tablespoon per litre - then soak the whole element in the solution. Excellent results will be achieved in minutes.
